

We Dared Interview Questions

A ministry of *New Life Ministries* and *Every Man's Battle*, **We Dared** is a 30-day challenge for men to starve their eyes from the sexual images that culture bombards them with multiple times a day. As followers of Christ, men need to fight back and show the world around them that they are different. We are challenging men to "dare to be different" for 30 days and to live out the difference that's already in their heart. After the 30-day challenge we offer additional resources for men to stay on the path of sexual integrity.
